It will rest with the Civil Service Commissioners to determine whether candidates are qualified in respect of nationality, age, character, education, and war service as defined in the following Regulations:—

6. Candidates must submit to the Civil Service Commissioners an application in the form prescribed by them, and pay on application such fee as is appointed by them

7. Candidates who appear from their forms of application to be *prima facie* eligible for appointment to the Indian Civil Service will be subject to such tests as the Civil Service Commissioners may prescribe in the way of (*a*) a qualifying examination, written or oral; (*b*) the production of written evidence including school record, university record (if any), military record, and personal references; (*c*) interview by Selection Board; (*d*) medical examination

## PUBLIC WORKS DEPARTMENT.

### NOTIFICATION.

*Fort St. George, March* 12, 1919.

In supersession of the notification published at pages 1-6 of Supplement to Part I of the *Fort St. George Gazette*, dated 14th January 1919, the Regulations as to the appointment of Assistant Engineers for the Indian Public Works Department and State Railways for 1919, are published for general information.

### INDIAN PUBLIC WORKS DEPARTMENT AND INDIAN STATE RAILWAYS.

#### REGULATIONS AS TO APPOINTMENT OF ASSISTANT ENGINEERS IN 1919.

[The Secretary of State is unable to give any undertaking that the Regulations will remain unaltered in the future.]

1. Until further notice the Secretary of State for India in Council will, during each year, make a number of appointments of Assistant Engineers in the Public Works and State Railway Departments of the Government of India.

In making these appointments he will act with the advice of a Selection Committee, including at least one eminent representative of the Engineering profession.

In 1919 it is intended that 75 appointments of Europeans and 3 of Indians should be made *

The Selection Committee will hold three sittings in April or May, July or August, and October or November respectively. The Committee will fix a maximum of appointments to be filled up at each sitting; they may allow a candidate who has failed at the first or second sitting to appear at a later sitting if they consider it necessary or advisable.

2. Applications must be made on a printed form, which may be obtained from the Secretary, Public Works Department, India Office, Whitehall, S.W. 1, or, in the case of officers in India and Mesopotamia, from the Secretary to the Government of India, Public Works Department, Delhi. Applications to the India Office must be received not later than 31st March, 30th June, and 30th September for the three sittings respectively of the Selection Committee. Applications to the Government of India must be received not later than 31st July.

Application from natives of India must be received at the India Office not later than 30th June, and Indian candidates will be examined by the Selection Committee only at their meeting in July or August.

3. An Indian candidate must have attained the age of 21 and not attained the age of 24 years on the first day of July of the year in which he offers himself for appointment.

Every European candidate must have been born on or after the 2nd August 1891 and on or before the 1st August 1897.

[N.B.—*Natives of India must obtain a certificate of age and nationality in the form explained in Appendix II. As the production of this certificate is a necessary condition of appointment, intending candidates are advised to procure it without delay. The certificate should be forwarded to the India Office together with the candidate's form of application or at the earliest subsequent opportunity.*]

4. Every European candidate in 1919, subject to the exception stated below, must have served in His Majesty's Naval, Military or Air Forces during the war for at least one year, or if his service be less than one year, have been discharged on account of wounds or sickness resulting from such service.

In the case of Europeans who have been prevented on adequate grounds from joining His Majesty's Forces, applications to be exceptionally admitted as candidates may be made to the India Office for consideration.

* It has been a standing rule that natives of India shall be selected to the extent of 10 per cent of the total number of Assistant Engineers recruited by the Secretary of State, if otherwise duly qualified. Since 1914 only six Europeans have been recruited (all in the year 1916). During the same period 31 natives of India have been recruited. In 1919 it is proposed to recruit 71 Europeans and 3 Indians, making a total since 1914 of 81 Europeans and 11 Indians.

5. Every European candidate must be a British subject and, except as provided in Regulation 8, if he or his father or his mother was not born within His Majesty's Dominions and allegiance, the father must at the time of the candidate's birth have been a British subject and still be (or have been at the time of the candidate's death) a British subject. The decision of the Secretary of State in Council whether a candidate satisfies these conditions shall be final. A candidate must also be of good moral character and sound bodily health and, in the opinion of the Secretary of State for India in Council, in all respects suitable to hold an appointment in the Indian Public Works Department or State Railway Department.

6. Natives of India are eligible for the three appointments open to Indians provided that they are British subjects or that the Governor-General in Council has made a declaration under section 96A of the Government of India Act, 1915, as amended by section 3 of the Government of India (Amendment) Act, 1916, that they are to be considered eligible.

7. Applications sent in to the Government of India will, in the first instance, be examined by an Advisory Committee in India, who will, in the case of applicants whom they think fit for appointment submit their names with the necessary papers to the Secretary of State to be laid before the Selection Committee. Facilities will, if possible, be offered to the candidates whose names are so submitted to appear in person, if they so desire, before the Selection Committee in England.

8. Indian candidates must produce evidence that they have either (1) obtained one of the University degrees mentioned in Appendix I; or (2) passed Sections A and B of the A.M.I.C.E. examination; or (3) obtained such other diploma or distinction in Engineering as the Secretary of State may decide to accept in any particular case. It is preferred that candidates should have taken a college course and of limited one of the degrees mentioned in Appendix I. It is advisable that in addition they should have had at least one full year's practical experience of Civil Engineering under a qualified civil engineer at the time when they appear before the Selection Committee. Those whose qualifying diploma has been obtained without a college course should have had a full three years of such practical experience.

9. European applicants eligible under Rule 6 who can produce evidence of the above qualifications will be admitted as candidates; others not holding one of the recognized degrees or diplomas must produce evidence—

(a) of having received a general education high enough to fit them to receive proper professional training and to become members of the Engineering profession;

(b) of such technical education (University or otherwise) in Engineering as they have received; and

(c) of their practical training and experience in Engineering as civilians and in military or quasi-military service.

An applicant if serving at the time of his application, must produce, if possible, a report by his Commanding Officer on his character, administrative capacity and powers of organization, and aptitude, natural bent, and engineering experience.

10. In the event of any candidate being selected who has not, in the opinion of the Selection Committee, had sufficient practical experience, he may be required to undergo, after arrival in India, such period of probation in charge of works as may be decided upon, and his final appointment will be made dependent upon the result of such probation.

11. Candidates must be prepared, if called upon, to attend at the India Office, at their own expense for a personal interview with the Selection Committee. Applicants to the Government of India (*see* Rule 7 above) must be prepared to attend before the Local Advisory Committee authorized by the Government of India to investigate their candidature.

12. Candidates will further be required, before final appointment by the Secretary of State in Council, to appear, at their own expense, before the Medical Board at the India Office for examination as to their physical fitness for service in India, or in case of applicants selected without attendance at the India Office, before such Medical Board as the Government of India may appoint.

The Regulations governing the physical examination of candidates for the Public Works and State Railway Departments of the Government of India are given in Appendix V.

*12. Selected candidates will also be required to satisfy the Secretary of State of their ability to ride.

14. They will on appointment be provided with a free first-class passage to India and they will be expected to proceed thither about the end of September or later in the year in which they are appointed.

Their pay will begin from the date of their landing in India, and, if they so desire, they will be able to obtain an advance of two months' pay, recoverable by monthly instalments of one-third of salary. Of this advance a portion not exceeding one-half may be drawn in England. The pay of candidates appointed in India will begin from the date of reporting for duty as they may be directed.

15. If less than 21 years of age on 1st August 1920, European candidates will enter the service as Assistant Engineers on a salary of Rs. 4,560 a year. If above 24 years, they will be credited with service as though they had been appointed in their 24th year. The years of service so credited will subsequently count for purposes of pay and promotion, but not for leave or pension.

16. The instruments required by Assistant Engineers are supplied to them in India.

17. Particulars as to pay, pension, etc., are contained in Appendices III and IV.

India Office, January 1919.

---

*Selected candidates will be examined by the Civil Service Commissioners as to their ability to ride, and will be required to obtain either—

(a) a certificate from the Civil Service Commissioners that they are sufficiently at home in the saddle for the efficient performance of all the duties of the Indian Public Works and State Railway Departments, or

(b) a certificate from the Civil Service Commissioners of minimum proficiency in riding.

In the latter case they will be subjected, on their arrival in India, to such further tests in riding as may be prescribed by their Government.

Candidates are warned that the certificate of minimum proficiency in riding, without which they will not be allowed to proceed to India, is only granted to those who can qualify in a series of tests, which includes jumping.

The third test will be saddling and bridling, mounting and dismounting, trotting and cantering; riding at a trot without stirrups; riding over trot with stirrups but without reins; jumping a hedge hurdle about 3 feet in height.

Although the same action will, as the main be confined to these points, the examiner will not be debarred from applying any other tests a trick may appear desirable.

NOTE FOR THE INFORMATION AND GUIDANCE OF CANDIDATES.

The Selection Committee of 1906 drew attention to the subjects which were held to be of most importance for the Public Works Service, viz.,

## APPENDIX IV.

### PARTICULARS RELATING TO PENSIONS, PROVIDENT FUND, AND LEAVE.

[N.B.—*This appendix is compiled from the regulations for the time being, and is subject to alterations from time to time. The full leave and pension rules are contained in the Civil Service Regulations published by the Government of India.*]

1. The following is a summary of the principal pension rules applicable to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

An officer is eligible for a pension on voluntary retirement after completing 20 years' qualifying service or attaining the age of 55 years. If at an earlier date he is compelled to retire from the Service through ill-health not occasioned by irregular or intemperate habits, he becomes eligible for an invalid pension or a gratuity according to the length of his service.

The amount of pension or gratuity is regulated as follows:—

After a service of less than 10 years, an invalid gratuity not exceeding one month's emoluments for each completed year of service.

After a service of not less than 10 years an invalid pension not exceeding the following amounts:—

| Years of completed service. | Maximum limit of pension. Rs. | Years of completed service. | Maximum limit of pension Rs. |
|---|---|---|---|
| 10 .. .. | 1,000 a year. | 15 | |
| 11 .. .. | 1,200 ,, | 16 | |
| 12 .. .. | 1,800 ,, | 17 | .. .. 3,000 a year. |
| 13 .. .. | 2,200 ,, | 18 | |
| 14 .. .. | 2,600 ,, | 19 | |

After a service of not less than 20 years, a retiring pension not exceeding the following amounts:—

| Years of completed service. | Maximum limit of pension. Rs. |
|---|---|
| 20 to 22 .. .. .. .. .. | 4,000 a year. |
| 23 and above .. .. .. .. .. | 5,000 ,, |

Officers who have shown special energy and efficiency during an all active service of three years in certain appointments may, at the discretion of the Government of India, be allowed an additional pension of Rs. 1,000 a year, subject to the condition that the officer must not retire voluntarily before the completion of a total qualifying service of 25 years.

Subject to certain prescribed conditions, rupee pensions are now issued at the rate of exchange of 1s 4d. The rupee to pensioners residing in countries to which the Indian Government rupee is not legal tender.

2. A general provident fund to which all Civil Engineers entering the Public Works Department in the future will subscribe has been established for all Civil Engineers of the department on the following basis:—

(1) The contribution is compulsory up to 6¼ per cent on salaries, with not more than a further 6¼ per cent voluntary contributions. Subscriptions on leave of any kind are optional.

(2) Compound interest on each payment is annually credited by Government to each officer subscribing, the rate being at present 4 per cent per annum.

(3) The sum which thus accumulates to the credit of an officer is his absolute property, subject to the rules of the fund, and is handed over to him unconditionally on quitting the service; or, in the event of his death before retirement, to such person or persons as, under the rules of the fund for the time being in force, may be entitled thereto.

(4) Other forms of life insurance will, however, if they fulfil certain conditions, be accepted in lieu of the contributions in (1).

### LEAVE.

3. The following is a summary of the principal regulations relating to the leave admissible to Engineers appointed to the Imperial Service by the Secretary of State from the United Kingdom.

#### (a) *Short Leave.*

4. Privilege leave is a holiday which may be granted to the extent of one eleventh part of the time that an officer has been on duty without interruption; and it may be accumulated up to three months, earned by 33 months' duty. During privilege leave the officer retains a lien on his appointment, and receives an allowance equal to the salary which he would receive if he were on duty in the appointment on which he has a lien. An interval of not less than six months must elapse between two periods of absence on privilege leave.

Privilege leave may be prefixed to furlough, special leave, or extraordinary leave without allowances. The whole period of leave thus taken in combination is known as combined leave. Combined leave cannot be granted for a shorter period than six months, nor, except on medical certificate, may it be extended beyond two years.

5. Extraordinary leave without allowances may be granted in case of necessity, and, except in certain specified cases, only when no other kind of leave is by rule admissible. It may be granted in continuation of other leave.

6. Subsidiary leave in India for a minimum of ten days, usually with half average salary, may be granted to an officer proceeding on or returning from leave out of India, or on retirement, to enable him to reach the port of embarkation or to rejoin his appointment. It is admissible only at the end, and not at the beginning, of combined leave.

7. Short leave is also granted to enable officers to appear at examinations, etc.

*(B) Long Leave.*

8. Furlough and special leave with allowances (*see* paragraph 10) are admissible to an aggregate maximum amount of six years during an officer's service. The amount of furlough 'earned' is one-fourth of an officer's active service, and the amount 'due' is that amount less any enjoyed.

Furlough without medical certificate can, if due, be generally taken after eight years' active service, and again after intervals of not less than three years' continuous service. It is limited to two years at a time.

Furlough on medical certificate may be granted (*a*) to an officer who has rendered three years' continuous service, for not more than two years, but capable of extension up to three years, and (*b*) to an officer who has not rendered three years' continuous service, up to one year in any case, and up to such longer period, if any (but not exceeding two years), as the officer may have furlough 'due' to him.

9. The allowances admissible during furlough are:—

(*a*) During the first two years of furlough without medical certificate and during so much of furlough with medical certificate as may be 'due,'—half average salary subject to certain maximum and minimum limits.

(*b*) After the expiration of the period for which the foregoing allowances are admissible,—one quarter of average salary, subject to certain maximum and minimum limits.

10. Special leave may be granted at any time for not more than six months, with intervals of six years' service, allowances, calculated as during furlough, are given during the first six months only, whether taken in one or more instalments.

*General Rules.*

11. Leave of absence, whether on furlough or on privilege leave, can never be claimed as of right, and is given or refused at the discretion of Government.

12. After five years' continuous absence from India, an officer is considered to be not of the employment of Government.

13. When leave allowances other than privilege leave pay are paid at the Home Treasury, or in a Colony where the standard of currency is gold, rupees are converted into sterling at the rate of exchange fixed for the time being for the adjustment of financial transactions between the Imperial and Indian Treasuries, unless any other rate has been exceptionally authorized. But for the present the rate of conversion is subject to a minimum of 1s. 6d. to the rupee.

## APPENDIX V.

### REGULATIONS AS TO THE PHYSICAL EXAMINATION OF CANDIDATES FOR APPOINTMENT TO THE PUBLIC WORKS DEPARTMENT OF THE GOVERNMENT OF INDIA.

*NOTE.*—These regulations are published for the convenience of candidates and in order to enable them to ascertain the probability of their coming up to the required physical standard. But it must be clearly understood that the Secretary of State reserves to himself an absolute discretion to reject as unfit any candidate whom he may consider, after hearing the opinion of his medical advisers, to be physically disqualified for the public service; and that his discretion is in no respect limited by these regulations.

It is not the practice to communicate to candidates who may be reported as physically unfit for service in India the reasons for the Medical Board's opinion.

*General Physical Requirements.*

1. A candidate must be in good mental and bodily health, and free from any physical defect likely to interfere with efficient performance of duty.

2. In the examination of candidates the Medical Board will apply the following table of correlation of age, height, and chest girth:—

| Age 21 and upwards. Height without shoes. | Chest. Girth when expanded | Range of expansion. |
|---|---|---|
| | inches | inches |
| 5 ft. and under 5 ft. 6 in. | 36 | 2 |
| 5 ft. 6 in. do. 5 ft. 8 in. do. | 37½ | 2 |
| 5 ft. 8 in. do. 5 ft. 10 in. do. | 39 | 2 |

| Age 21 and upwards. Height without shoes. | Chest. Girth when expanded. | Range of expansion. |
|---|---|---|
| | inches | inches |
| 70 and under 72 inches | 39½ | 2½ |
| 72 and upwards | 42 | 2½ |

3. *Measurement of height.*—The candidate will be placed against the standard with his feet together, and the weight thrown on the heels, and not on the toes or outside of the feet. He will stand erect without rigidity, and with the heels, calves, buttocks, and shoulders touching the standard; the chin will be depressed to bring the vertex of the head level under the horizontal bar, and the height will be noted in parts of an inch to eighths. In the Indian Police Force a minimum height of 5 feet 6 inches is required, but in other departments no fixed limit of height is imposed.

4. *Measurement of chest.*—The candidate will be made to stand erect with his feet together, and to raise his hands above his head. The tape will be carefully adjusted round the chest, with its posterior upper edge touching the inferior angles of the shoulder blades, and its anterior lower edge the upper part of the nipples. The arms will then be lowered to hang loosely by the side, and care

will be taken that the shoulders are not thrown upwards or backwards so as to displace the tape. The candidate will then be directed to empty his chest of air as much as is possible. This is best done by continuous whirling with the lips as long as sound can be produced. The tape is carefully gathered in during the process, and when the minimum measurement is reached it is recorded. The candidate will then be directed to inflate his chest to its utmost capacity. This maximum measurement will likewise be noted. The girth with the chest fully expanded and the range of expansion between the minimum and the maximum will then be recorded.

6. The hearing must be good.

8. The speech without impediment.

7. The teeth in good order, i.e., decayed or broken teeth must be properly stopped or crowned, and deficient teeth replaced by artificial teeth where necessary for effective mastication.

8. The chest must be well formed, the lungs and heart sound.

9. Hernia, hydrocele, varicocele, varicose veins in a severe degree, or other condition likely to cause inefficiency will disqualify a candidate, unless such condition is cured by operation.

10. The limbs, feet, and toes must be well formed and developed, with free and perfect motion of all the joints.

11. A candidate must have no congenital malformation or defect likely to interfere with efficiency.

12. A candidate must not be the subject of chronic skin disease.

13. Evidence of previous acute or chronic disease pointing to an impaired constitution will disqualify.

14. The regulations as to the standard of vision required are shown separately for each department. In all cases of 'colour blindness' a note of the same will be made on the candidate's papers.

---

Candidates may, if they wish it, undergo a preliminary examination by the Medical Board, which meets at the India Office every Tuesday, under the following conditions:—

(a) Applications must be addressed to the Under Secretary of State, India Office, Whitehall, London, accompanied by a fee of two guineas, and a statement as to the particular appointment which the candidate desires to obtain.

(b) Candidates must pay their travelling expenses.

(c) Candidates considered to be unfit by the Medical Board at this preliminary examination are not bound to accept its opinion, but may, at *their own risk*, continue their studies, with the knowledge that they will have to submit themselves for a final medical examination by the Medical Board, prior to the examination, or to their appointment.

(d) On the other hand, it must be distinctly understood that the preliminary examination by the Medical Board is held solely for the candidate's information, and that, if after that examination he is reported to be apparently fit, he has not on that account any claim to be accepted as physically fit when he presents himself for the final Medical Examination, upon which alone his acceptance or rejection will depend. Candidates may be considered fit for the service at the preliminary examination, but may be found at the final examination to be unfit, either on account of some physical defect which did not exist or passed undetected at the preliminary examination, or for other reasons.

### Regulations as to the Standard of Vision.

1. If myopia in one or both eyes exists, a candidate may be passed provided the ametropia does not exceed 5 D, and if, with correcting glasses not exceeding 3·5 D, the acuteness of vision in one eye equals $\frac{6}{9}$ and in the other $\frac{6}{9}$, there being normal range of accommodation with the glasses.

2. Myopic astigmatism does not disqualify a candidate, provided the lens, or the combined spherical and cylindrical lenses, required to correct the error of refraction, does not exceed 3·5 D; the acuteness of vision in one eye, when corrected, being equal to $\frac{6}{9}$, and in the other $\frac{6}{12}$, together with normal range of accommodation with the correcting glasses, there being no evidence of progressive disease in the choroid or retina.

3. A candidate having total hypermetropia not exceeding 4 D is not disqualified, provided the sight in one eye (when under the influence of atropine) equals $\frac{6}{9}$, and in the other eye equals $\frac{6}{12}$, with + 4 D glasses, or any lower power.

4. Hypermetropic astigmatism does not disqualify, provided the lens or combined lenses required to cover the error of refraction do not exceed 4 D, and that the sight of one eye equals $\frac{6}{9}$ and the other $\frac{6}{12}$, with or without such lens or lenses.

5. A candidate having a defect of vision arising from cubula of the cornea is disqualified if the sight of one eye be less than $\frac{6}{12}$. In such a case the better eye must be emmetropic. Defects of vision arising from pathological or other changes in the deeper structures of either eye, which are not referred to in these rules, may exclude a candidate.

6. Squint or any morbid condition, subject to the risk of aggravation or recurrence, in either eye, may cause the rejection of a candidate. Any imperfection of the colour sense is a disqualification for appointment to the engineering branch of the Railway Department. In other cases the existence of imperfection of colour sense will be noted on the candidate's papers.

Candidates must not be below sixteen nor above twenty years of age on date of admission into the *Medical School*, *i.e.*, on the 1st of July next, and they must produce testimonials (in original) as to character signed by either Europeans or Indians of respectable position, and certificates of age, vaccination, personal marks and physical fitness for military service signed by a Registered Medical Practitioner as defined in section 3 of the Madras Medical Registration Act, 1914, as well as certificates of having passed the necessary educational standard. Ward orderlies recommended by the Medical Officer under whom they are serving may compete for the Indian Military Pupil also under the same conditions except that in their case the maximum age limit is extended to twenty-five years.

3. Admission is equally open to the sons both of soldiers and of persons engaged in civil occupations; but, other things being equal, preference will be given to the sons of Indian Commissioned and Non-Commissioned officers and soldiers.

4. Candidates who have passed the compulsory portion of the Upper Secondary Examination or the Matriculation Examination of the Madras University or who hold completed Secondary School-Leaving Certificates will be eligible to compete; in the case of holders of these certificates, however, no selection will be made by the Surgeon-General. Students who have been dismissed from medical schools for inefficiency or misconduct are not eligible to appear for examination.

5. If the number of applicants exceed the number required, a competitive examination will be held at any Military or Civil station of the Madras Presidency or of Burma where there may be a Medical Officer to superintend the candidates.

6. The examination will be held on Thursday the 15th May next, and will be conducted by means of printed papers. Candidates will have two papers to answer—one a paper on English Grammar and Language, the other a paper on Translation from English into the candidate's vernacular.

7. Applications for admission to the examination made out in manuscript in the form prescribed in this notice and accompanied with the certificates referred to in paragraph 2 above, must be sent to the Personal Assistant to the Surgeon-General with the Government of Madras in the case of holders of Secondary School-Leaving Certificates and to the undersigned in other cases, on or before the 31st March 1919. This fee will not be refunded, nor will it be reserved for a subsequent examination. No notice will be taken of applications for exemption from the age limit and of those which are defective as regards the required documents.

8. Holders of completed Secondary School-Leaving Certificates should forward their certificates along with their applications. 6. The tabular statement should contain the names of the candidates in the order in which the Sub-Assistant Inspector desires that the selection should be made, and they should be selected with reference to their service as teachers, the need for their training, age, the school from which they apply, their qualifications and the nature of the appointment held by them. The attention of the inspecting officers is directed to Madras Educational Rules, rules 114 and 115. It is expected that each Sub-Assistant Inspector's list will contain at least ten names. It should ordinarily include only the names of persons actually engaged in teaching. Each Sub-Assistant Inspector may recommend five higher elementary candidates from his range.

7. Teachers employed in the Muhammadan schools should submit their applications for training to the Sub-Assistant Inspector of the Muhammadan range and not to the Sub-Assistant Inspector of Boys' schools.

8. Teachers employed in local board schools will not be paid any stipends from Provincial funds. If there is any provision in the Local Fund or the Municipal budget under 'Stipends to teachers,' their applications must be obtained from teachers with the consent of the President, Taluk Board, or the Chairman of the Municipal Council, as the case may be, and submitted with a separate list for each training school and for each grade.

9. If any applications be received from candidates for training in the schools out of this circle, they should be submitted separately with a separate list.

10. No certificates, original or copy, need be submitted with the applications, but each Sub-Assistant Inspector should satisfy himself as to the correctness of the information given in the application form.

11. Supplemental lists will not be considered after the prescribed date on any account.

12. The lists complete in every respect and the applications must be submitted direct by the Sub-Assistant Inspector to this office on or before the 25th May 1919 without fail.

## DEPARTMENT OF AGRICULTURE, MADRAS.

### REVIEW OF THE INLAND CONSUMPTION AND EXPORTS OF RAW COTTON IN THE 1918 SEASON—FEBRUARY 1918 TO JANUARY 1919.

(All figures in bales of 400 lb.)

Details of cotton pressed and received at mills, and of cotton exported by sea and rail are published weekly throughout the year.

In former years this weekly return was not very complete. It is however believed that the figures for 1918 are substantially complete. It is therefore of interest to review the totals for the year.

2. The first table gives the total of cotton pressed in presses and of loose cotton received at mills.

TABLE I.

| Variety of cotton. | Bales pressed from 3rd February 1918 to 1st February 1919. | Unpressed cotton received at mills | Total cotton accounted for. |
|---|---|---|---|
| | | Bales. | Bales. |
| Tinnies .. .. .. .. | 95,021 | 2,443 | 97,464 |
| Salems .. .. .. .. | 1,268 | 2,736 | 3,943 |
| Cambodia .. .. .. .. | 120,260 | 11,637 | 131,897 |
| Northern and Western .. .. | 97,339 | Nil. | 97,339 |
| Ceconadas .. .. .. | 22,128 | 610 | 22,418 |
| Total .. | 416,726 | 18,128 | 434,854 |

The description of variety of cotton is that given by press and mill owners in their returns. A fair quantity of Uppam cotton—which should go under 'Salems'—is mixed with Cambodia in Coimbatore. The same applies to some extent to Tinnies in the South. Consequently the figures for Cambodia are somewhat exaggerated while those of Salems and Tinnies are correspondingly diminished. However it may be stated with fair certainty that the total cotton which became available to the trade in 1918 was about 439,000 bales.

3. The second table shows mill consumption and net exports.

TABLE II.

| Variety of cotton. | Received at mills, 3rd February 1918 to 1st February 1919. | Exported by sea from Madras Presidency, 3rd February 1918 to 1st February 1919 | Exports by rail, 1st January 1918 to 31st December 1918. | Imports by rail, 1st January 1918 to 31st December 1918. | Net export [columns (3) + (4) — (5).] | Total consumption and export. [columns (2) + (6).] |
|---|---|---|---|---|---|---|
| (1) | (2) | (3) | (4) | (5) | (6) | (7) |
| Tinnies .. .. | 92,611 | 64,214 | .. | .. | .. | .. |
| Salems .. .. | 3,934 | | | | | |
| Cambodia .. .. | 47,256 | | | | | |
| Northern and Western | 30,372 | 1,070 | .. | .. | .. | .. |
| Ceconadas .. .. | 1,392 | | | | | |
| Cotton from outside Madras .. .. | 12,174 | .. | .. | .. | .. | .. |
| Total . | 197,739 | 65,283 | 240,596 | 18,975 | 306,823 | 424,252 |

There were no imports by sea.

As it has not been possible to get returns from all mills in Pondicherry, these mills are excluded, and imports into Pondicherry are included in the return. It will be seen that the net total 424,252 bales goes to confirm the conclusion drawn from Table I that the total cotton crop of 1918 which became available to the trade was about 439,000 bales.

Column (3) shows exports by sea from ports in Madras Presidency, both foreign and coastwise. Exports by sea via Bombay would come under column (4).

The rail figures in columns (4), (5) and (6) are for the year 1st January to 31st December 1918, and therefore do not quite correspond with the other figures. It would not be possible to obtain figures for January 1919 until April, so that it is thought best to use the earlier figures now. No serious error is introduced by so doing.

4. The next table gives details of the movement by rail.

TABLE III.

No. 11.] MADRAS, TUESDAY EVENING, MARCH 18, 1919. [Price, 6 pies.

## AUDIT ORDER ON THE ACCOUNTS OF THE MAMBALAM CO-OPERATIVE SOCIETY, LIMITED, FOR THE YEAR 1917-18.

The accounts of the Mambalam Co-operative Society, Limited, No. 949, in the Chingleput district for the co-operative year ending 30th June 1918 as audited by Inspector M.R.Ry. K. Narayanaswami Mudaliyar are passed. The three statements of (1) Receipts and Disbursements, (2) Profit and Loss and (3) Assets and Liabilities are appended to this order.

2. During the year under review there has been a slight increase in the number of members and the amount of share capital. The number of members rose from 78 at the beginning of the year to 86 at its end and the share capital from Rs 16,600 to Rs. 18,000 while the borrowings fell from Rs 4,605 to Rs. 4,005. A sum of Rs. 1,710 being the value of sites allotted to members was outstanding on the last day of the year under review against members and the value of sites to be allotted to members and reserved for godowns were estimated at Rs. 4,891-14-0 and Rs. 1,736-5-0 respectively on 30th June 1918. The value of stock purchased in the oil department in the year under review was Rs. 20,859-12-2 while that of stores sold was Rs. 20,778-5-6. The gross profit earned in the year under the transaction amounted to Rs. 1,690-12-4 as against Rs. 777-14-3 in the previous year.

3. According to the statements furnished by the Inspector who audited the accounts for the year ending 30th June 1918, the society worked at a net profit of Rs. 1,013-6-11, while the losses in the previous years amounted to Rs. 3,084-5-2 (Rs 2,035-13-3 for 1915-16 and Rs. 1,024-7-8 for 1916-17). The profit is chiefly due to the inclusion under profit items interest accrued on loans due to the society. As the society worked at a loss during previous two years no payments either to reserve fund or as dividend could be made out of the profits of the year under review.

4. It was observed that from the annual statements published by the society for 1916-17 there was a difference in the amount of net loss between the society's figures and the figures arrived at according to the departmental audit. The society fixed the loss at Rs. 424-13-3 while according to the audit notes it was Rs. 1,024-7-8. This difference had its origin from 1914-15 and has been continuing year after year. The society has been already informed through a separate letter the items that made the difference and the reasons for it and the society has after all agreed to have its figures reconciled and a reconciliation statement showing the assets and liabilities and profit and loss as they stood on 30th June 1918 is also appended to this order.

5. According to these statements it will be seen that the society has derived a net profit of Rs. 296-7-7 for the year 1917-18. But against this profit a loss of Rs. 1,320 being the overestimated value of the society's assets under mills, bullock and cart at the previous years has to be set off. When this is done, the society will have earned no profit during the year under review and the society will be advised to recoup the outstanding amount of loss gradually in successive years.

6. The total amount to the credit of the reserve fund on the last day of the year under review was Rs. 1,093-12-2 including the amount of interest Rs. 52-7-2 earned on the accumulated reserve and added to that fund on 30th June 1918 by the Chingleput District Banking Union, Limited, at Conjeeveram. The society is requested to remit a sum of Rs. 21-2-0 to the Chingleput District Banking Union, Limited, as contribution towards supervision fund.

7. The establishment and contingent charges during the year under review amounted to Rupees 1,972-15-0 as against Rs. 1,030-2-4 in the previous year.

8. The society convened 4 general and 11 committee meetings and business was done in all the meetings except two of the latter which had to be broken up for want of quorum.

9. The society is requested to report as to how it has decided to fully recoup the amount of loss incurred owing to shortage of 102 maunds and odd of gingelly oil pointed out in the audit order of 1915-16.

10. It is pointed out again that the society did not achieve its objects in full regarding building operations. Though it is said that almost all the sites have been taken up by members, houses have not yet been constructed on those sites; the reason alleged being that some of the members are not financially able to take up house construction and that the society too is not financially able to advance funds for this purpose. It is reported that a few members who can afford to build houses have, however, begun construction of houses on the sites allotted to them and that two buildings have since been completed and it is for the society's consideration whether it will not be advisable to keep the oil department separate from the building department. The question of separating the building branch of the society from its oil-producing branch has been already put before the society for consideration by Assistant Registrar M.R.Ry. Rao Bahadur A. Venkatesa Ayyar Avargal. The proposals of the secretary are awaited.

The present honorary secretary of the society, M.R Ry. V. Chandrasekhara Ayyar Avargal, B.A., has been evincing keen interest in the society's welfare ever since he took up office in 1917. It is hoped that the society's affairs will improve.

GOVERNMENT OF INDIA.

LEGISLATIVE DEPARTMENT.

The following Bill was introduced in the Indian Legislative Council on the 24th February, 1919:—

No. 6 of 1919.

*A Bill further to amend the Indian Oaths Act, 1873.*

WHEREAS it is expedient further to amend the Indian Oaths Act, 1873; It is hereby enacted as follows:— X of 1873.

Short title. 1. This Act may be called the Indian Oaths (Amendment) Act, 1919.

Amendment of section 3 of Act X of 1873. 2. In section 3 of the Indian Oaths Act, 1873, after the word 'prescribed,' X of 1873. the words 'by or under any Instruction under the Royal Sign Manual of His Majesty or' shall be inserted.

STATEMENT OF OBJECTS AND REASONS.

THE assumption of their high offices by the Governor-General, Governors, Lieutenant-Governors, Members of Executive Council and Chief Commissioners is at present lacking in any formality of a nature to mark the serious nature of the occasion or the weight of responsibility involved. It is accordingly proposed, with the approval of the Secretary of State, that oaths or affirmations of allegiance and office should in future be taken with due solemnity by the officials concerned at the time of entering upon the discharge of their duties.

2. Section 16 of the Indian Oaths Act, 1873, is a bar to the taking of an oath by officials who are not required to take one under any provision of law; and since it is intended to effect the purpose in view by the issue of Instructions to the Governor-General under the Royal Sign Manual of His Majesty, it is necessary to except oaths, etc., taken in compliance with such Instructions from the operation of the Act of 1873. The Bill amends section 3 accordingly.

H. M. SMITH,
*Offg. Secy. to the Govt. of India, Legislative Dept.*

The following Bill was introduced in the Indian Legislative Council on the 28th February 1919 :—

No. 7 of 1919.

*A Bill further to amend the Indian Electricity Act, 1910.*

WHEREAS it is expedient further to amend the Indian Electricity Act, 1910; It is hereby enacted as follows:— IX of 1910.

Short title. 1. This Act may be called the Indian Electricity (Amendment) Act, 1919.

Amendment of section 3, Act IX of 1910. 2. For clause (*b*) of sub-section (2) of section 3 of the Indian Electricity Act, 1910, the following shall be substituted, namely :— IX of 1910.

"(*b*) Before granting a licence under this Part, the Local Government shall consult every local authority concerned, and where such local authority advances any objection to the grant of a licence, the Local Government shall take such objection into consideration, and, if in its opinion it is insufficient, it shall record in writing and communicate to such authority its reasons for such opinion :

Provided that, if such objection is based on a rival claim for such a licence, the Local Government shall give preference to the application of the local authority unless there exist special circumstances which, in its opinion, render such preference inexpedient."

---

## STATEMENT OF OBJECTS AND REASONS.

Under the old Indian Electricity Act, III of 1903, there was an obligation imposed on the Local Government to consult every local authority, as a preliminary measure, on the merits of an application from any person for a licence. Under the new Act IX of 1910, this provision has been abolished, and a local authority is reduced to the position of a private individual, who is at liberty to raise objections against the draft application within the prescribed period. Formerly, a local authority had two opportunities of stating its case to the Local Government; now there is only one opportunity for it to raise a protest. The provisions of the old Act embodied in section 4 (1) (a) are, therefore, proposed to be enacted.

Secondly, a proviso is added that when a local authority puts up a rival claim for a licence, it shall receive the first consideration inasmuch as it is the proper body entrusted with the interests of the residents of the local area. A joint stock company formed on business consideration ought to have a secondary claim for a licence. A local authority has a right to purchase the undertaking under section 7 of the Act, after a certain prescribed period. It follows, therefore, as a natural corollary that if the said authority is willing and able to finance the scheme from its ordinary revenue, or by means of a loan to be raised under the Local Authorities Loans Act, there is no reason why a company of share holders or another person should have the business from the beginning.

H. M. SMITH,
*Offg. Secy. to the Govt. of India, Legislative Dept.*

The following Bill was introduced in the Indian Legislative Council on the 26th February 1919:—

No. 8 of 1919.

*A Bill further to amend the Negotiable Instruments Act, 1881.*

WHEREAS it is expedient further to amend the Negotiable Instruments Act, 1881; It is hereby enacted as follows:— XXVI of 1881.

Short title. 1. This Act may be called the Negotiable Instruments (Amendment) Act, 1919.

Amendment of section 8 of Act XXVI of 1881. 2. In section 9 of the Negotiable Instruments Act, 1881 (hereinafter called the said Act), for the words "payable to, or to the order of, a payee," the words "payable to order" shall be substituted. XXVI of 1881.

Amendment of section 13 of Act XXVI of 1881. 3. For sub-section (*f*) of section 13 of the said Act, the following sub-section shall be substituted, namely:—

"(*f*) A 'negotiable instrument' means a promissory note, bill of exchange or cheque payable either to order or to bearer.

*Explanation* (*i*).—A promissory note, bill of exchange or cheque is payable to order which is expressed to be so payable or which is expressed to be payable to a particular person, and does not contain words prohibiting transfer or indicating an intention that it shall not be transferable.

*Explanation* (*ii*.)—A promissory note, bill of exchange or cheque is payable to bearer which is expressed to be so payable or on which the only or last indorsement is an indorsement in blank.

*Explanation* (*iii*).—Where a promissory note, bill of exchange or cheque, either originally or by indorsement, is expressed to be payable to the order of a specified person, and not to him or his order, it is nevertheless payable to him or his order at his option."

Amendment of section 49 of Act XXVI of 1881. 4. In section 49 of the said Act for the words "payable to the order of a specified person, or to a specified person or order," the words "payable to order" shall be substituted.

Amendment of section 121 of Act XXVI of 1881. 5. In section 121 of the said Act for the words "payable to, or to the order of, a specified person," the words "payable to order" shall be substituted.

## STATEMENT OF OBJECTS AND REASONS.

Under section 8, sub-section (4), of the English Bills of Exchange Act, 1882, "a Bill is payable to order which is expressed to be so payable or which is expressed to be payable to a particular person and does not contain words prohibiting transfer or indicating an intention that it should be transferable." If, therefore, a drawer of a cheque in England desires it to be not negotiable, the words "not negotiable" should be stamped across the face of the cheque, and if he fails to do so, the cheque would be treated as a negotiable instrument although the word "bearer" printed on the cheque is scored through and the word "order" not substituted therefor. In India, too, the mercantile community as well as the banks deal with cheques payable to a specified person without the addition of the words "or order" or "or bearer" in accordance with the English law, namely as cheques payable to that person or his order. It has, however, been recently ruled by the Bombay High Court in Doabhai *vs.* Virchand that "a cheque from which the word 'bearer' is struck out and there is no substitution of the word 'order' is not negotiable within the meaning of the Negotiable Instruments Act, 1881; and that the custom of trade which exists in the Bombay market whereby a cheque with the word 'bearer' struck out without the word 'order' is regarded as an 'order' cheque and negotiable cannot legally be recognized."

That decision has caused a good deal of confusion in commercial and banking circles.

The proposed Bill is, therefore, intended to bring the provisions of the Negotiable Instruments Act, 1881, into line with the hitherto existing practice in India.
